## VON MACKENSEN MEETS DEFEAT IN DOBRUDJA BATTLES

### WILSON GETS BIG VOTE, STILL G.O.P. REFUSES CONCEDE

Indications Country-wide Count Will Give President More Than 8,563,000

### FOREIGN PRESS MAKES COMMENT ON RESULTS

Parisian Papers Rather Sympathetic and Congratulatory; Manchester Guardian Sees New Political Era in U. S.

### BULLETIN

(Associated Press by Federal Wireles)  
SAN FRANCISCO, Cal., Nov. 11.—In a statement this afternoon by Gov. Johnson, senator-elect, he charges that a "few petty politicians," acting in conjunction with certain newspapers, "so misused Hughes on his visit to California that the injury they did us is unable to undo." To this he ascribes Wilson's plurality in California.  
National Committee Chairman Crocker and ex-State Chairman Francis Keating are named as having "made it appear that Hughes was entirely reactionary and that he was neither in accord with nor sympathetic with California progress and achievement."  
Crocker said: "I prefer to maintain a dignified silence."  
Keating is not in the city.

NEW YORK, N. Y., Nov. 11.—A count, yet incomplete, of the popular or country-wide vote for president as shown in the balloting for presidential electors gives Wilson 8,563,713 and Hughes 4,160,401.

WASHINGTON, D. C., Nov. 11.—Secretary Joseph P. Tumulty today telegraphed to Mr. Wilson at Williamsstown, Mass.: "You have received the largest vote ever cast for the presidency—nearly a million more than for Taft and Roosevelt in 1912."

ST. PAUL, Minn., Nov. 11.—The count in Minnesota now stands, Hughes 178,305 and Wilson, 177,658.

ST. PAUL, Minn., Nov. 11.—President Wilson gained 400 votes today when the official returns from St. Louis and Ramsey counties were received, showing a discrepancy in the early unofficial tabulation. The standing is now Wilson 178,114 and Hughes 178,353, with 18 precincts missing.

### JAPANESE PRESS IS PLEASED; PEACE AND BUSINESS PROMOTED

(Associated Press by Federal Wireles)  
TOKYO, Japan, Nov. 11.—The Japanese press with words of praise and exultation welcomes the reelection of President Wilson. His peaceful disposition is lauded. The press believes that the outcome of the election augurs well for the furtherance of American-Japanese friendship.  
Merchants and business interests are plainly pleased at the result. They have feared the possibility that a Republican protective tariff would be a blow to Japan's export trade.

PARIS, France, Nov. 11.—The newspapers here printed election news from America prominently for several days past, but with comparatively little expression of opinion on the results. Such as appeared was sympathetic and congratulatory for President Wilson.

LONDON, Eng., Nov. 11.—The Manchester Guardian, discussing the election, attributes Wilson's success to his rallying sufficient Progressives which Roosevelt had in 1912 to overcome the Republican majority.  
The Guardian comments that this election and the trend of the Progressives "may mark a new epoch in American political life."

### JAPANESE ADVISED TO KEEP THEIR BONUS MONEY IN ISLANDS

When the bonus, which will average more than \$100 for each laborer at Kahuku plantation, is paid today, Y. Takakura, president of the Japanese Chamber of Commerce, and S. Aoki, manager of the Yokohama Specie Bank, and Japanese Consul-General Moroi advise the laborers in a statement to the local Japanese newspaper this morning not to send their bonuses to Japan, but to keep them here. They should pay their debts first, the statement says, and then use the money for investment in profitable business in the territory.

### NEW YORK STOCK MARKET TODAY

Following are the closing prices of stocks on the New York market today, sent by the Associated Press over the Federal Wireles:

	Today	Yesterday
Alaska Gold	12 1/2	11 1/2
American Smelter	112 3/4	112 1/2

### RUBBER QUOTATIONS

At Singapore rubber auctions held this week, commencing Wednesday, plantation pale crepe realized 62.84 cents per pound. The New York price for the corresponding date was 66 cents.

### F. C. ATHERTON TO TAKE PLACE WITH CASTLE & COOKE, VICE PRESIDENT

Announcement is Made of His Selection for Executive Office With Firm

Business circles are interested in the announcement that Frank C. Atherton has been appointed vice-president of Castle & Cooke, Ltd., and will assume his new duties on December 1, taking an executive position in the affairs of this large firm.  
The continued steady growth of Castle & Cooke and its development in all lines has been so marked that it was evident to the directors and stockholders that it had come to demand another executive officer, and as Mr. Atherton has long been a director both of the firm and some of its plantations and closely identified with its various lines of business, it was natural that he should be selected for this position.

Mr. Atherton began his business career in the Bank of Hawaii, Ltd., when it was organized in 1897, serving for several years as secretary and assistant cashier. From 1907 to 1912 he was the secretary and manager of the Sugar Factors Company, Ltd., since which time he has devoted himself to the affairs of the J. B. Atherton Estate, Ltd., and some of the firms in which it is interested.  
Though identified actively with a number of large interests, he has also found time to give much personal attention to educational and philanthropic institutions and to take part in many public welfare movements, and has as well closely followed the trend and developments of Hawaii's main industry.

### DODGE PROPERTY ON PUNAHOU STREET SOLD

The property on Punahou street of the late F. S. Dodge, formerly with the Bishop Estate was sold today at the auction rooms of James F. Morgan Co. with the consent of trustee and heirs to Dr. I. J. Shepard for \$8200. The upset price was \$6500 and from the moment the sale opened bidding was lively between Dr. Shepard and Will Thomas, going up in the purchase price at jumps of \$100. The property is situated at the corner of Punahou and Dominis streets and is 150x125 feet in size.

### NO ARMY EQUIPMENT TO ISSUE TO SCHOOLS

Educational institutions which hope to be supplied with equipment from the government, do not stand much of a chance of it before June or July next year, according to word which the secretary of war has sent out.  
The letter, a copy of which has been received at Hawaiian Department headquarters, says that the War Department will be unable to issue uniforms, equipment or public animals to such institutions at the present time.

### GOVERNOR ASKS MORE STUDY ON WAIKIKI LANDS

Urges Against Putting Project Through Till the Planning Commission Sees It

### IS NOT READY YET TO SIGN SPECIFICATIONS

Forbes Takes Up Matter Today With Executive; Plans Are Detailed

Waikiki reclamation project came to at least a temporary standstill today with the decision of Governor Pinkham to hold up any active steps for condemnation until more time has been spent on the question, with study by the City Planning Commission and other bodies which the governor feels are directly concerned with the work.  
Plans and specifications for the big draining and filling job containing more than a score of blue print sheets giving the proposed work in detail were sent to the board of health president, several days ago by Superintendent of Works Charles R. Forbes. A similar copy was sent to the attorney general's department, which has been considering it for several days, but which has not yet given its approval to the work.

Today Forbes called upon the governor to take up the matter of Waikiki reclamation. After Forbes had gone the governor stated that he had asked the superintendent to refrain from going ahead with the work at once as planned, that he had also expressed this view to Deputy Attorney General A. G. Smith a few days ago when Smith talked over the plans with him, and that he himself as governor is not ready to sign the specifications.  
"We may be right on the proposition," the governor added, "but I want to be sure that we are. I am not yet ready to put my name to it nor do I see any need of rushing it through pell-mell. I want the City Planning Commission to have discussion of it first."

Governor Pinkham has studied the Waikiki swamp question for a good many years. In fact as president of the board of health several years ago he drew up detailed plans for the reclamation of the district, and has expressed time and again the feeling that the swamps should be made more healthful.

### YOU CHIL YONG IS SENT TO PRISON. BALANCE OF LIFE

Young Korean Who Shot and Killed Stepfather, Declares His Innocence

Motions in arrest of judgment and for a new trial having been denied him, You Chil Yong, Korean, today was sentenced by Circuit Judge Ashford to spend the remainder of his life at hard labor in Oahu prison.  
You Chil Yong was indicted for first degree murder. It was alleged that he shot and killed his stepfather-in-law last March with a revolver. The jury returned what was referred to in court today as a "compromise verdict," convicting the defendant of murder in the second degree. The jury also recommended that the extreme penalty—life imprisonment—be inflicted.

### ARREST WOMAN CHARGED WITH HAVING OPIUM

Mrs. Mezurashi Alleged to Have Brought \$2500 Worth of Drug Off Steamer

On a warrant sworn to by Customs Inspector M. R. Medeiros, Mrs. Mesa Mezurashi, a Japanese woman who arrived here in the Siberia Maru, was arrested by federal officials late Friday afternoon and is now confined in Oahu prison. She is charged with transporting and otherwise handling opium. Her bond has been fixed at \$5000. A commissioner's hearing of the case will be held early next week.  
That the \$2500 worth of opium taken by customs inspectors yesterday afternoon as told by the Star-Bulletin in its late news column, from Mrs. Mezurashi as she was attempting to carry it ashore from the Siberia Maru concealed beneath her clothes, may never have been landed at San Francisco but came from the Orient direct, was the theory expressed today by Acting Collector of Customs Raymond Sharp.

### Not to Destroy Drug

The drug has been confiscated by the acting collector, but will not be burned. It will be kept in accordance with treasury decision No. 36075, issued January 17 of this year, directing that seizures be held and their "destruction" accomplished by conversion of the opium into some other form for public purposes.

### Harvard Wins From Tigers; Score 3 to 0

Cornell Beats Michigan and Penn and Dartmouth Fight to Tie; Army Trims Maine; Other Games

(Associated Press by Federal Wireles)  
CAMBRIDGE, Mass., Nov. 11.—Princeton was virtually eliminated from the race for the championship in football this afternoon when the Crimson team scored a field goal on the Tigers, while the Nassau squad failed to cross the Crimson goal line. The game was hard-fought throughout, and the plunging backs of both teams wore themselves out trying to score a touchdown. Princeton made an effort to tie the score in the last period, but time was called with Harvard victor 3 to 0.

### DARTMOUTH AND PENN TIE

PHILADELPHIA, Pa., Nov. 11.—Dartmouth and Penn fought throughout four periods on Franklin field to a tie this afternoon. Both teams scored touchdowns and kicked the goal. The Hanoverians played the same type of game that was seen in the Princeton battle, and although Penn made a rally she could not add the extra point for victory.

### CORNELL REDS BEAT MICHIGAN

ITHACA, N. Y., Nov. 11.—In one of the greatest battles ever staged on the gridiron here the "Big Red" team of Cornell defeated Michigan by the score of 23 to 20. Both teams showed a great offense, and the men of Yost, undefeated this year, ran the Cornell ends for big gains. Sharpe's crew fought hard throughout, and by a strong system of attack managed to score three more points than the Wolverines.

### ARMY 17, MAINE 3

WEST POINT, N. Y., Nov. 11.—The strong Army team, undefeated this year, scored 17 points on the Maine team this afternoon. The visitors failed to cross the goal line, but a field goal gave them three points. The Army backfield played up to form today and made many long gains on the Maine eleven.

### INDIANA 7, OHIO STATE 6

COLUMBUS, O., Nov. 11.—All foot ball dope of the year was upset today when the football team from Indiana defeated Ohio State by one point, 7 to 6. Chicago had smothered Indiana, and Ohio up to this game had held the championship of the conference, but the Bloomington men played great football today and when the local kicker missed the goal after a touchdown Ohio's championship hopes were smashed.

### RAYMOND AGAIN ON MAUI BOARD OF SUPERVISORS

Returned Today Through Governor's Appointment to Old Position

### RESIGNED FIRST TIME FOR SENATORIAL RACE

"I Refuse to Take Up Local Quarrels," Pinkham Comments

Defeated in his efforts for the senatorship on Maui after a hard-fought campaign, Dr. J. H. Raymond, physician and cattle-shipper of the Valley Island, was today restored to the position on the board of supervisors from which he resigned some weeks ago to enter the political arena. The appointment was made by Governor Pinkham.  
"Dr. Raymond has been a good and useful member of the Maui board of supervisors," said Governor Pinkham today when asked if he had any remarks to make upon the reappointment. "I do not propose to take up any of their local and personal quarrels on that island."  
The appointment, as given by the governor's order, names Raymond to succeed one Philip Pail, and thereby hangs a tale, for Raymond had been already appointed to that position once, at the time when Pail resigned to become district magistrate in his locality.  
After Raymond had served for a time on the Maui board of supervisors, the election campaign came on and the doctor decided to run. He wrote to Attorney General I. M. Stainback for an opinion as to whether or not he would need to resign from the board to become a candidate for the senate.  
Attorney Stainback looked into the matter, decided this resignation was a necessity, and wrote forthwith to the doctor, sending his opinion on the subject. Raymond's departure from the board followed soon after.  
Now he is back again through the governor's appointment, the term length being made until the regular election of supervisors in 1917.

### Ready Buyers of Seals Help Sale Funds to Rise

Reports From Boys and Girls At One o'Clock Show \$1278.90 Collected

At 1 o'clock this afternoon Boy Scouts, Palama Settlement girls and a small corps of energetic women had turned in to headquarters in the Star-Bulletin office \$1278.90 for the Anti-Tuberculosis League as a result of an active one-day campaign under way today to sell Christmas seals and to solicit funds for the fight against tuberculosis in Honolulu.  
Boy Scouts numbering over 200 started working every district in Honolulu early this morning. At 7 o'clock some were already on the job at street car transfer points catching men and women on their way to work.  
Scout officials and members of the Anti-Tuberculosis League this afternoon expressed great satisfaction with the boys' work and with a large number still to report it is thought that the grand total will exceed that of last year.  
Besides the scouts, in full uniform, several girl members of the Kookia Club at Palama Settlement are assisting down town and the boys complain that the girls are getting all the money in their respective districts.  
Mrs. Henry Damon, Mrs. George C. Potter, Mrs. W. A. Love and Miss Marie von Holt went with the boy scouts to several business firms and obtained large donations, which are included in the total, but which will all remain in Honolulu. Ten per cent of seal sales goes to the American Red Cross.  
Troop V did good work this morning, not only by handling its own district in Punchbowl, but by sending ten boys to assist in the downtown work.  
Miss Agnes M. Collins, superintendent of nurses at the Queen's hospital, gave the Palama Settlement girls the natty nurses' caps which go to make up a part of the attractive white uniforms worn by the girls today.

### CARRANZISTAS RETAKE PARRAL, SANTA ROSALIA

EAGLE PASS, Tex., Nov. 11.—The Carranzistas have captured Parral and Santa Rosalia. It is reported here.

LAREDO, Texas, Nov. 11.—Corpl. Smith today killed Pts. Jones and McKnight, and wounded Connors in the camp stables of K troop, 14th Cavalry.

### ROMANIAN AND RUSSIANS NOW CLAIM TO BE DRIVING NOTED FIGHTER FROM RACKED SECTION

ON OTHER FRONTS GERMANS ASSERT THEY HAVE MADE SOME ADVANCES—TAKE RUSSIAN POSITIONS AT BAYONET POINT IN SERIES OF MERCILESS CHARGES

(Associated Press Service by Federal Wireles)  
LONDON, Eng., Nov. 11.—Indications point to a great defeat being given to the German general, von Mackensen, in the Dobrudja section of Rumania, where his force of Germans and Bulgarians have been laying the country waste and advancing rapidly.

BUCHAREST, Rumania, Nov. 11.—Von Mackensen is continuing his retreat before the heavy assaults of the Rumanians and Russians who have taken up their stand north of the Constanza line and have been battling to save the country from being submerged.  
The Bulgarian population is fleeing wildly from Dobrudja to Bulgaria, across the line, fearful of the vengeance of the defenders when they begin to regain the country. Great fires were observed last night and today in the direction of Tchernavoda and Constanza, and it is thought possible that the enemy has fired a number of towns in this section, preparatory to evacuating these places and making further retreats.

### Fierce Fighting Shown in Bayonet Fray

BERLIN, Germany, Nov. 11.—The Teutons at the point of the bayonet and in a series of fierce infantry charges mercilessly attacked the Russian lines west of Predel, on the Sinaya road, Transylvania arena, today, killing all who stood up to oppose them.

New forces of Russians fruitlessly endeavored to recapture positions at Skrobowa near Baranovitchi, on the eastern front, and southwest of Folv and Kralnolesie, the main Russian positions, were repulsed in five night attacks.

The French and Serbians repeatedly attacked German advanced positions south of Polog, on the Macedonian front, and finally entered them.

### Russians Win Some Telling Victories

PETROGRAD, Russia, Nov. 11.—The Russians won some telling victories today, recapturing a portion of a position near Skrobowa and also recaptured the villages of Ghisdarehti and Topal, which is 12 miles south of Hirsova.

Further advances were also made in the Dobrudja district, the Germans being driven back.

PARIS, France, Nov. 11.—The Germans made repeated attacks on Denicourt today but were repulsed with heavy losses.

LONDON, Eng., Nov. 11.—German trenches 4000 yards in extent today were taken by storm on the Somme line.

### German Official Cablegram Fails to Mention Mackensen's Reverses

No mention of von Mackensen's reverses is made in the last German official cablegram received here, that for yesterday. The situation is said briefly to have "no important changes." This cablegram, covering yesterday, is as follows:

GERMAN ARMY HEADQUARTERS, Nov. 11.—On the west front today the weather was better and the activity was much more marked on both sides. French forces made partially unsuccessful attacks in many spots, and after advancing on both sides of Sully were repulsed in hand-to-hand fighting.

The flyers during the day were very active and their work was continued during the clear moonlight of the night. In numerous air engagements we shot down altogether 17 aeroplanes, the majority on both sides of the Somme. Our squadrons repeated their effective attacks against railroad stations, troop and ammunition depots and especially in the sector between Peronne and Amiens.

In the eastern war arena on Prince Leopold's front we stormed several Russian defense lines and threw back the enemy. Our losses were small, while the enemy's bloody sacrifices were considerable.

The enemy lost as prisoners 49 officers and 3380 men. Our booty included 27 machine guns and 12 mine-throwers. The Russians here suffered a heavy defeat.

On the Carpathian front our attacks in the Gyerz mountains are progressing favorably. Ground which had been lost in engagements mostly regained. In Predel sector new progress made and Rumanian counter attacks on both sides of the pass road repulsed. 188 prisoners and four machine guns being left in our hands.

Our territorial won distinction and Bavarians and Austrians also. In the Balkans: Field Marshal von Mackensen's men have captured two Rumanian tugboats on the Danube by monitors. They were laden with petroleum. No important changes in Dobrudja district.

Macedonian front: Situation unchanged. GERMAN HEADQUARTERS, Nov. 11.—On the western front tentative at-

### CLERK IS WAITING FOR SEVEN CANDIDATES TO FILE EXPENSE ACCOUNTS

Although October 26 was the day on which the candidates at the primary election were supposed to file their expense accounts, there still remain seven who have neglected to do so, although David Kalanovakani, county clerk, has notified them of their delinquency. These seven are C. P. Lauka, E. K. Lili, Kulan, George Makalena, G. F. Affonso, A. W. Eames, G. F. Kanekoa and Gerrit P. Wilder. According to the county clerk, the law states that within 20 days after the election the candidates shall file their expense accounts, but it does not name a penalty for failure to do so and all Kalanovakani can do is to keep on writing. He is intending to write another letter to the seven on Monday.  
Rear-Admiral Caperton, commanding the Pacific fleet, reported to the navy department that the United States submarine H-1 had run aground in Puget Sound during a heavy fog.
